Ties are broken by first looking at wins. If there is a tie and one racer has a win and the other racer does not have a win, the one with the win will gain the position. If wins won't break the tie (for example, both racers each have a win) we look at 2nd place finishes. If that won't break the tie we look at 3rd place finishes.

As announced at the start of the season, every race you attend gives you an additional 10 points.

A number of racers asked if the rain date could count as the drop. This is not a consideration. If someone knew they would need to miss one race date, that will be their drop. Chances are it didn't fall on the rain date. They may have been here ready to race on the rain date but unable to attend another date. For that reason we will not use the rain date as the drop.

Next year we will run 6 Championship Series Races. No dash for cash races.
